Easy and Best Solutions

## EASY SOLUTIONS

The complexity of any comprehensive architectural project can be overwhelming. Architectural and engineering studies must integrate many different services such as kitchen, laundry, toilets and heating system. Each piece is essential to achieve the high standards required by your customers.

With more than 50 years in the international laundry market manufacturing laundry equipment, Girbau has gathered the needs of architects. This culmination of information has resulted in the development of the E&B – Laundry Solutions for Architects Service Pack, designed to make architects work easier.

# EASY SOLUTIONS

- Hostels
- Fire departments

**Girbau's Engineering and Projects team is at your disposal to offer you with:**

Calculation of laundry output needs.

Location of machinery based on laundry optimization and output criteria.

Machinery location technical layout in CAD.

Calculation of energy and fluid needs.

3D project image.

Machine's technical data.

**Design and solutions** for all kinds of laundries.

**Engineering assessment** from the starting up of projects to the construction of the laundry.

### Training

Girbau develops a process plan to achieve the best performance in the laundry, to guarantee the staff safety and the hygiene of the processed laundry.

Training sessions for users on:

Equipment use and maintenance

Working praxis and procedures for a good operation of the laundry.

### Girbau Laundry Consulting Services (GLCS)

Girbau is at the service of its customers before, during and after the sale to solve any problems on laundry processes (washing, drying, ironing and handling) that can come up.

We solve customers queries on-line, by e-mail or on the phone (stains, material tearing, how to wash delicate clothing....).

# THE BEST SOLUTIONS

¿Why is **GIRBAU** the best option for your project?

For Girbau's **experience** of more than 50 years as laundry equipment manufacturer. Successful operation in thousands of laundries all over the world are proof of Girbau's reliability, efficiency, quality and the company's prestige.

For the company's **soundness**.

For its continuous **R+D investment**, that guarantees state-of-the-art equipment.

For its **wide range of products** that enables the covering all laundry phases, regardless the size.

For offering equipment that maximizes water, energy and chemicals consumption, making laundries profitable and **respecting the environment**.

For its **wide commercial and technical service network**. As well as having three production centres in Barcelona and one in France, Girbau has subsidiary companies in Argentina, Brazil, Cuba, China, France, Germany, United Arab Emirates, United States, United Kingdom and a wide distributors network covering the rest of the world.

For the advanced yet **easy-to-use** control system of its machines.

**For being manufacturers**. We develop and manufacture our own products
